## MEDICINE HAT COLLEGE BOARD OF GOVERNORS POLICY MANUAL

### EL-11 International Activity

<b>POLICY NAME:</b> International Activity	<b>POLICY NUMBER:</b> EL-11
<b>POLICY TYPE:</b> Executive Limitations	<b>DATE APPROVED:</b> 16 February 2016 <b>DATE REVIEWED:</b>

In recognition of the value of international education, and in keeping with our commitment to inclusive and equitable post-secondary education, the President shall strategically plan internationalization at Medicine Hat College in a fiscally responsible manner.

As part of the provincial and federal governments' commitment to internationalization, the President shall consider the needs and expectations of the people of the south eastern Alberta region.

Accordingly, the President shall not:

#### **International Students Attending Medicine Hat College**

- a. Allow enrolment in College credit programs by students who are not permanent residents of Canada (international students) to exceed 15% other than programs designed specifically for international students.
- b. Operate without program enrolment quotas for international students which are based upon the college's fiscal, academic and service capacity to provide a quality educational experience for international and domestic students.
- c. Levy tuition and fees for international students that are not competitive as compared to the tuition and fees levied to international students at other institutions in the marketplace.

### **Projects in Foreign Countries**

- a. Enter into projects or partnerships in foreign countries without due consideration of the risks and benefits of the project as established in a business plan. Revenue alone shall not be the sole aim of any project of this nature.
- b. Consider entering into projects or partnerships in foreign countries unless the total cost of the project will be recovered within a three-year period unless otherwise approved by the Board of Governors.
- c. Invest in training projects in foreign countries that include purchase or construction of capital assets to be permanently located off shore.
