## ● Step 2: Find Your Alberta Student Number

An Alberta Student Number (ASN) is required to complete an ApplyAlberta application. An ASN is a unique number assigned to any student who has applied to or attended an Alberta school (K-12), college, technical institute, or university. If you have attended a school or postsecondary institution in Alberta and need to find your Alberta Student Number (ASN), you can use the ASN Lookup service.

If you do not have an ASN, the ApplyAlberta system will assign one to you.

## ● Step 3: Fill in Profile

- Enter your personal information. Your personal profile information includes legal name, birth date, citizenship, and contact information
- You will enter your Country of Citizenship and Immigration status in Canada
- Enter your academic history: Post-secondary institutions will need to know your academic history. It is important that you fill this out as completely as possible.
  - a) **High School Information:** You will need to **provide the name of every high school you have attended or are currently attending**, the **date you started** and the **date you finished your studies**. Click 'Add School' if you attended more than one. **Highest Level Achieved:** This refers to the highest level you completed in high school, e.g., Grade 12 High School Courses and Grades information
  - b) **Post-Secondary Academic History:** Be sure to **provide the name of every post-secondary institution you have attended or are currently attending**, the **date you started** and the **date you finished your studies**, and whether you have or will be obtaining a credential (diploma, degree, etc.). Click 'Add Institution' if you attended more than one.
