## **PROGRAM PLANNING GUIDE 2024-2025** **Bachelor of Science (BScN) in Nursing**

The purpose of this program planning guide is to help students registering for courses and to track their progress within their program. ***The information in this planning guide is accurate at the time of printing and is subject to change without notice.*** It is the student's responsibility to ensure the accuracy of their program and course choice. Students should use the Program Planning Guide dated the year in which they began the program. This guide should be used in conjunction with the official (print) version of the Medicine Hat College Calendar, and calendars of appropriate transfer institutions, which are the final authorities regarding program requirements.

### ***Year One***

The Bachelor of Science in Nursing (BScN) program is **FULL-TIME**. There are a total of ten required classes that **must** be completed during Semester 1 and 2. You should be registered in five classes per semester unless you have previous course credits.

**DO NOT** register in more than five courses per semester.

Register for BOTH terms at the time of registration.

Register in BIOL 275 in the Fall 2024 semester and BIOL 277 in the Winter 2025 semester first for each semester (as seen below).

Register in Indigenous Health Studies (NRSG 202) in Fall 2024.

Register in Introduction to Nursing (NRSG 201) in Winter 2025.

Then build the rest of your schedule around these classes and labs.

Now register in the remainder of your courses balancing them between semesters.

ENGL 2XX – ENGL 252 recommended

STAT 333 or STAT 251

ARTS option – PSYC 200, PSYC 201 or SOCI 201

PHIL option

Junior Science option

Junior Open option

***PLEASE BALANCE YOUR WORKLOADS IN EACH SEMESTER. LABS ARE APPROXIMATELY 3 HOURS PER WEEK. TRY TO AVOID TOO MANY LAB CLASSES IN ONE SEMESTER.***
